

Community Campus Screening - Invite Template

You're Invited to a screening of the PLAN C documentary

The film chronicles the efforts of activists and providers who began distributing abortion pills by mail in the US during the pandemic and following the overturning of Roe v. Wade. After the screening, join us for a discussion about efforts to create communities dedicated to sharing information, under a vision of ensuring access & care for all. Don't miss this insightful evening of film and conversation!

Our gathering is designed to foster a sense of unity and purpose, an environment for learning, sharing experiences, and learning about ways people are standing up for reproductive rights and offering your support to those who need it most.

Let's come together to learn, share, and drive lasting change.

Event Details:

- What: Plan C Documentary Screening and Discussion
- Where: [address]
- When: [Date and Time]
